

ACCA KAPPA

ACCA KAPPA is one of the most famous and antique brands in Italy. The success of the brand is an invaluable testimony of life, work and positive energy derived from being over a 100 year-old family owned business, now spanning four generations. They began by making wooden hairbrushes and now make a full line of exquisitely designed personal care products and accessories.

ACCA KAPPA is focused on the body's well being and has created a collection of all-natural body-care products that use advanced technology, yet sooth and pamper. Its products are created using three basic principles: clean design, high quality production and select materials. The collection includes soaps and shampoos, brushes and combs, bath foams, spa oils and bath accessories. The workmanship and formulation is of the highest quality.

Positioned in the upper segment of the market, their bath and body care concept line is familiar to those used to the best. ACCA KAPPA is distributed in very selective outlets, high-end Department stores and Perfumeries, the best salons, upscale gift boutiques, bath design stores and through a number of single brand ACCA KAPPA stores.
